

AMENDMENTS TO THE SPECIFICATION

Please amend Paragraph [0071] as published as follows:

FIG. 2 shows a cross-sectional view of the wrapping body in line A-A I-I shown in FIG.

1.

Please amend Paragraph [0094] as published as follows:

[0094] Firstly, the construction of the individual wrapping container (hereafter, called simply "wrapping container") and wrapping body in this embodiment are described. FIG. 1 shows the wrapping body 1 relating to this embodiment. FIG. 2 shows a cross-sectional view of the wrapping body 1 in line A-A I-I shown in FIG. 1. FIG. 3 describes the sheet 2 constituting the wrapping container 3 of the wrapping body 1. FIG. 4 shows the unwrapped state of the wrapping container 3. FIG. 5 shows the interlabial pad 10 included in the wrapping body 1. FIG. 6 is an unfolded view of the wrapping body 1. FIG. 7 shows a process diagram showing the procedures of discarding the used interlabial pad 20.
